SUMMARY

As an experienced backend developer with a background in computer science engineering, I provide a distinct set of technical talents and a thorough understanding of cyber security basics. I have a strong foundation in network security and coding languages, and I have a strong desire to learn more about cyber security methods and procedures. excited to use my background and passion to help protect digital systems and data.

TECHNICAL SKILLS

Networking Fundamentals: OSI MODEL, TCP/IP, DNS, DHCP, HTTP/HTTPS, SSL/TLS.

Operating System: Parrot Security, Kali Linux, Trace Labs, TailsOS, Ubuntu Server, Windows, Windows Server.

Programming and Scripting Languages: Bash, Javascript (React, Next, Node), Typescript, Python (Django), Java, C, PHP, SQL.

Tools: Burpsuite, Nmap, Metasploit, Wireshark, Bettercap, Splunk, Nessus, OWASP Zap, Maltego, Hydra, Aircrack-ng, John The Ripper, Nmap, Nikto, Snort, ApkTools, Dex Tools, Git Version Control, Docker, VS Code, Microsoft Excel.

Database: Firebase Firestore, MySQL, MongoDB, Redis.

Cloud Computing Platforms: AWS, GCP, Digital Ocean, Hostinger, Azure, Hostingraja.

Practical Labs: EC-Council Cyberq Lab, Cyber Warfare, Portswigger, Vulnhub, Pentest Garage, Hack The Box, Tryhackme.

Soft Skills: Problem Solving, Fast Learning, Adaptability, Friendly.

EDUCATION

B.E Computer Science and Engineering

Anna University, Tamilnadu, India

Mar Ephraem College

Aug 2020 - May 2024

EXPERIENCE

Cyber Security Intern (Remote)

Association For Cyber Security

Chandigarh, Punjab and Haryana

July 2024 - Present

Cyber Security Intern (Remote)

Durbhasi Gurukulam

Rajasthan, India

June 2024

Backend Developer (Part Time)

OrtmorAgency

Kochi, Kerala

Mar 2023 - Mar 2024

PROFESSIONAL CERTIFICATES

Certified Penetration Tester

Red Team Hacker Academy

Cybersecurity

March 2024

COURSES

Certified Ethical Hacker (CEH) v12

EC-Council

Cybersecurity

June 2024

Deep Dive into Network Assessments

EC-Council | Learning

Cybersecurity

June 2024

Burp Suite: Web Application Penetration Testing

EC-Council | Learning

Vulnerability Assessment and Pentesting

May 2024

OWASP Top 10 Security Fundamentals

EC-Council | Learning

Cybersecurity

May 2024

PROJECTS

Vulnerability Assessment Framework

Association For Cyber Security

Intern

July 2024

Black Box VAPT Report

Durbhasi Gurukulam

Intern

June 2024

Web Application PT Report

Red Team Hacker Academy, Trivandam

Student

March 2024

ACHIEVEMENTS

NASA Bug Report Acknowledgement

BugCroud

Sensitive Data Exposure

March 2023
